GENERAL

Teams may have a minimum of two men & two women and maximum of four men & four women. Members may play on only one Mixed League team.

Teams must provide a suitable playing venue. Most licensed restaurants and taverns within the established boundaries of WCD operations that can provide the facilities and services customarily expected for darting activities are acceptable.

Players, Teams and venues accepted for application agree to abide by WCD By-Laws and Rules of Play.

GEOGRAPHIC PREFERENCE

Efforts will be made to minimize unreasonable travel distance for teams within their divisions. Keeping competitive balance among teams available may sometimes preclude these attempts.

LEVEL OF PLAY

Mixed League division levels reflect the average skill of the teams. Due to the often wide range of skill levels among members of a team, these levels do not necessarily correspond with individual classifications.

MIXED LEAGUE DIVISION CLASSIFICATIONS:
 GOLD = ADVANCED
 SILVER = AVERAGE
 BRONZE = NEW/NOVICE

NOTE: *Indicating willingness to travel will help ensure equitable scheduling of your team.*

INDIVIDUAL RATINGS

All players listed will receive an Individual Rating Number (IRN) determined by the Board. If a player is new to WCD but has played league darts previously this information must be provided. Misrepresentation of a player's skill level may result in penalties.
