HOW TEAMS ARE SCHEDULED

Teams are scheduled based on the relative skill level and the availability of other teams for that night of play.

All teams in a division have the same number of home and away games. Normally there are 5 home games and 5 away games if the number of available teams permit this. WCD tries to keep teams within a reasonable geographic area. If your team does not mind traveling a little farther or if its an Open League team that could play on either Monday or Tuesday, there is a better chance of being placed in a division of your skill level and in a full division without any "BYES".

HOME VENUE

Teams making application to WCD must provide suitable facilities for playing their home matches. Publicly licensed establishments or in some cases private clubs that have an adequate space for the game and can provide the services normally expected by darts teams will be considered for approval. The dart area and equipment must be maintained to acceptable standards. An area that does not conflict with other activities of the establishment will help ensure a problem free environment.

ADDING PLAYERS

Additions to your roster after scheduling are restricted to specified limits listed on your Player/Addition Change Form.

During the first 3 weeks of play you may add players to bring your team up to the maximum allowed. *Current information on members' assigned skill level is available by calling the league office.*

FEES & DUES - ADDITIONAL LATE CHARGES MAY APPLY IF NOT RECEIVED WITHIN REQUIRED TIME.
